LB 240 establishes a nine member Nebraska Insurance Choices Exchange Task Force to study, evaluate and develop recommendations regarding the establishment, governance and requirements of the health insurance exchange required by the federal Patient Protection and Affordable Care Act. Members of the task force are not eligible for compensation or the reimbursement of actual expenses. Staff members of legislators appointed to the task force are to provide staff support. The task force terminates on June 30, 2012.

There will be minimal expenses associated with meetings and activities of the task force in FY 2011-12. It is assumed the Legislative Council will be able to handle expenses related to the bill with existing resources of the agency.
