LB 183 expands current provisions regarding the disposition of an abandoned motorboat to also include a trailer upon which a motorboat rests. The bill also expands the definition of an abandoned motorboat to include motorboats and trailers that are inoperable, partially dismantled, wrecked, junked, or discarded and left unattended and visible to the public for more than 30 days on private property within a municipality or its extraterritorial zoning jurisdiction.

It is assumed the bill clarifies that trailers are considered to be part of abandoned motorboats and the disposition of trailers are subject to the same requirements as that of motorboats. So, inclusion of the trailer will not increase the number of abandoned vehicles. It is possible there could be a minimal increase in the number of abandoned motorboats pursuant to the new language in the bill. If so, there may be a minimal increase in expenditures for state agencies or local entities involved in the removal, storage or sale of the motorboats discarded on private property. It is assumed there will be very little increase in revenue from the sale of these abandoned motorboats.
