## **Explanation of Estimate:**

No fiscal impact on the Power Review Board.

The Board wishes to point out that pursuant to Neb. Rev. Stat. section 70-1024, the Board delegates preparation of the coordinated long-range power supply plan to a representative organization. The Nebraska Power Association is the Board's designated representative organization. If there is a fiscal impact associated with the additional requirements set out in LB 579, it would be incurred by the Nebraska Power Association or its member utilities involved with preparing the report for the Board.
