## Estimate of Fiscal Impact – State Agencies

	Expenditures	Revenue	Expenditures	Revenue
General Funds				
Cash Funds				
Federal Funds				
Other Funds				
<b>Total Funds</b>	0		0	

**Explanation of Estimate:**

LB 876 requires that each mammography report provided to a patient shall include information about breast density based on the Breast Imaging Reporting and Data System established by the American College of Radiology. A specific statement regarding dense tissue must be included with the report. This new reporting responsibility falls on the patient's radiologist and/or physician rather than the plan or insurer. Since the proposed bill impacts the provider/physician, there will be no fiscal impact on the State of Nebraska.
