LB 1143 eliminates provisions in current statute which prohibit the limits of liability for uninsured or underinsured motorist coverage from being added together, combined, or stacked to determine the limit of coverage available to an injured person for any one accident.

The Department of Administrative Services and the University of Nebraska indicate the bill will not have a fiscal impact on the cost of motor vehicle insurance for state employees due to the provisions of Section 44-6407 which exclude motor vehicles owned by any government, political subdivision, or agency thereof from the Uninsured and Underinsured Motorist Insurance Coverage Act.
