LB 1030 amends the Rules of the Road to require drivers to leave a distance of no less than three feet to avoid colliding with a pedestrian upon a roadway. A driver is also required to exercise due care including a distance of no less than three feet when passing a bicycle or electric personal assistance mobility device proceeding in the same direction.

Persons convicted of these violations are guilty of a traffic infraction and will be fined \$100 to \$300, depending upon the frequency of the offense in one year. It is assumed the bill will only minimally impact the workload of law enforcement personnel to write citations. The number of persons convicted of these violations is unknown, but estimated to be small in number. If so, there will be a minimal revenue increase for counties, which will accrue to the public schools.
