LB 1074 requires the State Department of Education (NDE) to adopt rules and regulations providing for a uniform interpretation of the federal Family Educational Rights and Privacy Act of 1974. The rules are to apply to all elementary and secondary schools in the state which receive funding from the U. S. Department of Education. The rules shall ensure that sharing of student data is uniform between and among school districts.

NDE estimates a fiscal impact of \$1,800 to develop and adopt the required rules and regulations. It is assumed the department can handle the adoption of rules with existing staff and resources.
