Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 242 provides that if an agency has not adopted and promulgated rules and regulations to implement legislation within three years after such legislation was enacted, the Legislative standing committee which has subject matter jurisdiction over that legislation shall hold a public hearing to determine the reason that such rules and regulations have not been enacted.

Costs for standing committee meetings and public hearings are already budgeted within the Legislative Council so any additional hearings that may arise should not have any additional fiscal impact.
