LB 481 creates the Career Education Task Force. The eleven member task force is to be appointed on or before June 15, 2013. The group is to study topics specified in the bill related to career education and make recommendations for policies and potential legislation. Legislative employees and employees from the State Department of Education (NDE) are to provide research and administrative support. Task force members are eligible for the reimbursement of actual and necessary expenses. The task force terminates on December 31, 2013.

It is assumed the task force will be housed in the Legislative Council for budgetary purposes. The estimated one-time fiscal impact of the bill is \$5,000 of general funds in FY2013-14, assuming five meetings of the task force. The funds will be used to pay the reasonable and necessary expenses of committee members. It is assumed the Legislative Council and NDE have sufficient staff and budgetary resources to assist the task force without an increase in funding for this purpose.
