Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 710 would require a natural resources district board to hold a public hearing prior to entering into a ground water augmentation project outside the geographical boundaries of the district. After the public hearing, such projects would require the approval of 2/3 of the board.

LB 710 would have no fiscal impact to state agencies. It is estimated that the fiscal impact to natural resources districts would be minimal in nature.
