LB 846 would establish brand inspection service areas, which would be defined as all counties and areas of counties contiguous with the brand inspection area. Brand inspections could be requested by a buyer or seller located in a brand inspection service area, and would be subject to the same terms and charges as inspections conducted in the brand inspection area. LB 846 would also provide that individuals who take up an estray in the brand inspection service area would report within seven days to the Nebraska Brand Committee.

The potential increase in expenses as a result of the duties in LB 846 would be offset by an increase in revenues. It is estimated that the existing expenditure authority of the Nebraska Brand Committee would be sufficient to accommodate any additional expenses brought about by LB 846.

COMMENTS: LB 846 creates a brand inspection service area that consists of portions of counties and counties directly adjacent to the brand service area as designated in Neb. Rev. Stat. 54-1,109. The buyer or seller in the service area may request a brand inspection. The trip surcharge for individual requests would apply. I concur with the Nebraska Brand Committee's statement of indeterminable fiscal impact due to not knowing the demand for buyer/seller requested brand inspections in the newly created brand inspection service area.
