This bill authorizes the Commission on Indian Affairs Cash Fund to receive revenue from contracts. The Commission on Indian Affairs currently has the opportunity to enter into two contractual agreements. One is with the University of Nebraska Chemistry Department to serve as a community facilitation consultant under a grant from the National Science Foundation. The contract would be for five years. In the first year, the agency would be paid \$4,000; in the three subsequent years, \$3,000 and in the final year, \$2,000. The Commission also has a pending contract with the Lincoln Parks and Recreation Department for \$5,400 to assist with design work being done on the Centennial Mall.

Technical Note: To allow the agency to enter into the contracts in a timely manner, the emergency clause needs to be included in the bill.
