	EXPENDITURES	REVENUE	EXPENDITURES	REVENUE			
GENERAL FUNDS		(\$6,052,000)		(\$11,523,000)			
CASH FUNDS							
FEDERAL FUNDS							
OTHER FUNDS							
TOTAL FUNDS		(\$6,052,000)		(\$11,523,000)			

Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 550 amends Nebraska Revised Statutes Sections 13-2814, 77-27,139.03, and 77-27,144.

Section 13-2814 is amended to strike the three percent administrative fee kept by the Department of Revenue from the collection of the local option sales tax and remitted to the Municipal Equalization Fund.

Section 77-27,139.03 is amended to provide that if the amount of money in the Municipal Equalization Fund (MEF) is less than the amount of state aid necessary for full allocation according to the MEF formula, the fund shall be supplemented from the General Fund in an amount equal to three percent of the local option sales and use tax collected by the Tax Commissioner from a municipal county and incorporated municipalities. If the amount in the fund is still less than the total amount required, the money in the fund shall be allocated on a prorated basis.

At this time, each municipality receives aid calculated as follows: a) the product of the average per capita property tax of the appropriate population group multiplied by the current population of the municipality minus b) the product of the average property tax levy multiplied by the certified valuation within the incorporated municipality, except a municipality will not receive aid if the calculation results in a negative number.

Section 77-27,144 is amended to strike the language that refers to the three percent of funds sent by the Tax Commissioner from the monthly remittance of local option sales and use taxes to those municipalities levying the tax to the Municipal Equalization Fund.

The bill has an operative date of October 1, 2015.

With an effective date of October 1, 2015, the three percent administrative fee would be applied to the first two payments for FY2015-16. The third payment, due March 31, 2016, will not be paid until a shortfall is determined in June 2016. In subsequent years, the first three payments will not be paid until the shortfall is determined in June and paid on June 30.

The Department of Revenue estimates the following fiscal impact to the General Fund:

FY2015-16: (\$ 6,052,000) FY2016-17: (\$ 11,523,000) FY2017-18: (\$ 12,116,000) FY2018-19: (\$ 12,723,000)

The Department indicates no cost to implement the provisions of LB 550.

We have no basis to disagree with the Department of Revenue's estimate of fiscal impact and cost.

IMPACT TO POLITICAL SUBDIVISIONS:

Those municipalities with a local option sales tax would see a 3% increase in receipts because the Department of Revenue would no longer subtract a collection fee.

LB 550 eliminates the 3% administrative fee that the Department retains for deposit into the Municipal Equalization Fund. This bill requires that any shortfall be made up with State General Funds, limited to 3% of local sales tax collections.

With an effective date of October 1, 2015, the 3% administrative fee would be applied to the first two payments for the fiscal year 2015-16. The third payment due March 31, 2016 will not be paid until a shortfall is determined in June 2016. In subsequent years, the first three payments will not be paid until the shortfall is determined in June and paid on June 30.

It is estimated that the negative impact to the General Fund to replace the amounts lost by the Municipal Equalization Fund will be as follows:

FY 2015-16 \$ 6,052,000 FY 2016-17 \$11,523,000 FY 2017-18 \$12,116,000 FY 2018-19 \$12,723,000

It is estimated that there will be no costs to the Department to implement this bill.
