LB 587 decreases motor vehicle taxes beginning on January 1, 2016. The bill lowers the factor applied to the base tax for all vehicles, except those that are twelve or thirteen years old, beginning in tax year 2016. It eliminates the tax on vehicles that are twelve years or older beginning in tax year 2017.

Using data supplied by the Department of Motor Vehicles DMV in the past on the number and ages of vehicles and prorating the data to 2014 provides an estimated fiscal impact of decreased motor vehicle taxes of \$19 million in CY2016 and \$22.3 million in CY2017 due to the changes in the bill. DMV indicates a total of \$230.85 million of motor vehicle taxes were collected in 2014 for all registered vehicles, so the bill reduces annual motor vehicle tax revenue by about 9.7% when fully implemented.

Revenue Loss: Motor vehicle taxes are allocated to schools (60%), counties (22%) and cities (18%), after a 1% collection fee is retained by the county. The following table shows the estimated loss in motor vehicle tax revenue for these entities in FY16 through FY18:

| | FY 2015-16 | FY 2016-17 | FY 2017-18 |
|---------------|---------------|----------------|--------------|
| Schools | 5,655,593 | 12,290,721 | 13,270,257 |
| Cities | 1,696,678 | 3,687,216 | 3,981,077 |
| Counties | 2,073,717 | 4,506,598 | 4,865,761 |
| Counties (1%) | <u>95,212</u> | <u>206,915</u> | 223,405 |
| Revenue Loss | \$9,521,200 | \$20,691,450 | \$22,340,500 |

<u>TEEOSA Impact</u>: Motor vehicle taxes are considered to be an accountable receipt for purposes of state aid to schools per the Tax Equity and Educational Opportunities Support Act (TEEOSA). The loss of revenue decreases accountable receipts for school districts which results in an increase in state aid of a like amount for districts receiving equalization aid. The increase in state aid occurs two years after the decrease in receipts occurs, so TEEOSA aid will increase by up to \$5.7 million in FY2017-18, up to \$12.3 million in FY19 and up to \$13.3 million in FY20.
