LB 832 changes provisions related to the Public Service Commission (PSC).

Section 1 requires that any seizure of a motor vehicle under subsection 1 of 75-309.01 shall not include seizure or sale of any household goods being transported for hire.

The PSC estimates the potential to contract with a moving company in the event any such household goods are seized. They assume that no more than four such seizures would occur per year. Under these assumptions, they PSC estimates a cost of up to \$1,200 per year. There is no basis to disagree with this estimate.

Explanation of Estimate:

LB 832 amends Neb. Rev. Stat. § 75-309.1, adding vehicles used by household goods movers working for hire in violation of 75-309 as types of carriers which can be declared a public nuisance and subject to seizure and confiscation. The seized vehicle may then, at the discretion of the court, be forfeited to the state to be sold. Under the bill, seizure would not include any goods being transported in the seized vehicle and the Commission would be responsible for securing the goods on behalf of the identified owner or owners.

The Commission anticipates contracting with a moving company in the event any such household goods were seized pursuant to the statute. This fiscal note assumes that no more than four such seizures would occur per fiscal year. The estimated cost of these seizures would be approximately \$1,200 per fiscal year (an average of \$100 per hour for two movers and one truck; an average of three hours per move; four such moves per year).
