Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 40 relates to school bus operators. The bill prohibits school bus drivers who transport pupils, by direct contract with pupils or their parents which are not owned by or under contract with a school district or nonpublic school, from using any type of interactive wireless communication device whenever the vehicle is in motion. Dispatch communication is allowed.

The State Department of Education will need to revise a rule to exclude the use of these devices. The estimated cost for rule revision is \$700. It is assumed the department can handle the revision with existing resources of the agency.

The penalty for violating these provisions is assumed to be not more than \$100 for a first offense, not more than \$200 for a second offense within one year, and, not more than \$300 for a subsequent offense in any one year. Any fines assessed pursuant to the bill will accrue to the political subdivision where the penalty is incurred for use by the public schools. It is assumed the revenue received from fines will be minimal.
