LB 172 is a revision of the Nebraska Employment Security Law to eliminate and update obsolete language and to clarify certain sections of statute.

The bill contains 89 sections, many of which harmonize language, consolidate definitions, strike obsolete language and dates, make grammatical changes, update references, relocate language to allow clearer understanding of statute, make technical changes, create subsections in certain sections for organizational purposes, replace references, outright repeal certain sections, and provides an operative date of January 1, 2018.

The Department of Labor has estimated that there is no fiscal impact to the state as a result of the provisions of LB 172.

We have no basis to disagree with the Department of Labor's estimate of fiscal impact.
