**Explanation of Estimate:**

The Drinking Water State Revolving Fund Act currently outlines a process that allows NDEQ to grant low interest construction loans, provide loan forgiveness and planning grants to public water systems operated by political subdivisions that have a population of ten thousand or less and can demonstrate financial hardship.

LB 182 seeks to amend the Act to clarify that public water systems that serve a population of ten thousand or less operated by a political subdivisions and can demonstrate financial hardship are eligible for loan forgiveness and planning grants.

There is no fiscal impact to the department.
