LB 896 requires the Department of Motor Vehicles (DMV) to provide an electronic reporting system for salvage and junked motorboats and vehicles. The bill also requires the department to provide for the use of identification numbers for trailers which do not have a certificate of title. These requirements must be met on or before January 1, 2021.

DMV indicates the new provisions requiring an electronic reporting system for salvage and junked motorboats and vehicles will be included in the new Vehicle Titling and Registration System currently under development by the agency, so there is no additional fiscal impact for these provisions. Likewise, the agency indicates the requirement to provide identification numbers for trailers will have no fiscal impact for the department.

Please complete ALL (5) blanks in the first three lines.
