LB735 would authorize municipalities to enter into an interlocal agreement with a county in which the extraterritorial zoning jurisdiction of a municipality is located to provide for joint and cooperative action to abate, remove, or prevent nuisances within the extraterritorial zoning jurisdiction of the municipality. Related fiscal impacts for relevant political subdivisions would be contingent upon the extent to which related interlocal agreements would be entered into as well as the nature and extent of nuisance abatement, removal or prevention that may be undertaken under such agreements.
