This bill eliminates certain regulatory provisions and reduces others. The changes cover cosmeticians, cosmetic establishments, electrology establishments, guest artists, guest body artists, nail technologists, instructors, and barbers.

The bill would result in a reduction in a small amount cash licensure revenue to the Department of Health and Human Services. Changes to the regulations in the Department of Health and Human Services would be handled within existing resources. There is no fiscal impact on the Barber Board of Examiners.

Explanation of Estimate:

LB 1107 would amend and repeal various provisions related to barber licensing, cosmetology, esthetics, and nail technology. Definitions for cosmetic establishments, cosmeticians, electrology establishments, guest artists, and guest body artists would be repealed. Various licensing requirements would be changed, including adjustments to training hours and student requirements for cosmetology and esthetic schools.

LB 1107 would require various regulatory updates, which would be completed using existing resources. Of the credentials being eliminated, fiscal impact would exist for only those with current licensees. This includes cosmetic guest artists (3) and cosmeticians (7; must re-apply after two years).

Fiscal impact is expected to be minimal both in terms of reduced revenue and expenses due to the limited number of active credentials.
