TOTAL FUNDS				

*Does not include any impact on political subdivisions. See narrative for political subdivision estimates.

LB 978 allows boundary changes of Class III school districts within a learning community of up to 500 acres in any year or up to 1,500 acres within a period of three consecutive years. The bill has no definite fiscal impact for school districts within a learning community because future boundary changes are unknown. Any land transfers pursuant to the bill will have an impact on the property tax resources of affected school districts.
