LB 1024 requires the Secretary of State to maintain a list of the name and address for the clerk, secretary or other official who has the responsibility for receiving certain filings.

The Secretary of State's office estimates the need for a half-time FTE to collect, compile, and create the initial database. Once established, the estimate for staffing decreases to a 0.2 FTE (the equivalent of one day per week) to maintain the database. In addition, the Secretary of State estimates the need for one PC and related software. There is no basis to disagree with the estimate.
