LB 819 amends the Revenue Act of 1967 to subtract a percentage of social security benefits from federal adjusted gross income (AGI). The bill sets out the percentage of reduction based on the taxpayer's federal AGI and the tax year, beginning in tax year 2021, on a scale with the highest percentage of reduction available for taxpayers with the lowest federal AGI.

## **Revenue:**

The Department of Revenue estimates revenue to the General Fund as follows:

For married filing jointly taxpayers with federal AGI of at least \$75,000 but less than \$80,000; and for all other returns with federal AGI of at least \$60,000 but less than \$65,000, taxpayers will subtract the following percentage of benefits from federal AGI:

For married filing jointly taxpayers with federal AGI of at least \$85,000 but less than \$90,000; and for all other returns with federal AGI of at least \$70,000 but less than \$75,000, taxpayers will subtract the following percentage of benefits from federal AGI:

- 8% for tax years beginning on or after January 1, 2021 and before January 1, 2022;
- 16% for tax years beginning on or after January 1, 2022 and before January 1, 2023;
