LB 760 would require that insurers provide coverage for dermatology services for telehealth benefits in the same manner as any other benefits covered under the policy, certificate, contract or plan and shall comply with the provisions of this subsection regarding asynchronous review by a dermatologist.

The Department of Administrative Services and the University of Nebraska state that the current medical coverage plans cover this type of service when performed in person or by telehealth thus would have no fiscal impact.

Pursuant to an email from DHHS, there would be no fiscal impact for the Medicaid/Medicare programs.
