LB 212 exempts charges for copies of public records for members of the Legislature in their official capacity under section 84-712. Such requests for records shall be fulfilled within fifteen business days.

The bill's provisions may result in some costs to agencies, if such requests are for high volume and/or broad scope of information. These costs will typically be absorbed within an agency's current budget. If an extreme cost is borne by an agency, that agency will have the opportunity to request deficit funding.

No fiscal impact.

Explanation of Estimate:

LB 212 indicates that a public record request made by a member of the Legislature must be fulfilled within 15 business days and without a fee assessed. Members of the Legislature typically go through the Department of Health and Human Services' (DHHS) Office of Legislative Services to get their record requests fulfilled. The primary concern regarding this bill would be the 15-day requirement, as some requests can be voluminous and near impossible to complete in that timeframe without stopping other vital duties of the agency. DHHS receives a high volume of public records requests, some of which are extremely voluminous. Current staff would be able to absorb the duties for requests that will be from members of the legislature causing no fiscal impact to the department.

TOTAL FUNDS	=====	=====	=====	=====

Explanation of Estimate:

Our office routinely receives public records requests and charges a fee for providing copies of public records when appropriate pursuant to the public records statutes and other state laws applicable to our office. We have not historically received public records requests from members of the Legislature. If this historical trend continues, we would not expect any revenue change that would be significant.
