This bill would change penalties for assault by strangulation or suffocation and domestic assault.

The Supreme Court estimates a minimal fiscal impact.

The Department of Correctional Services (DCS) states that this bill could increase the number of persons in prison, but the specific impact is indeterminable.

If the impact of this bill is to increase the prison population by more than current law, then this could have an impact on prison overcrowding. The average daily prison population was 145% of design capacity as of December 2020.

DCS could incur additional per diem costs if the prison population increased. The FY20 per diem cost for an individual inmate was \$10,180 per year, which includes DCS inmates in county jails.

The Board of Parole estimates no significant impact from this bill.

The penalties under this bill also carry the possibility of a fine being imposed. Any fines assessed pursuant to convictions will accrue to the county where the violation occurs to be used for the support of public schools.
