## **FISCAL NOTE**

**LEGISLATIVE FISCAL ANALYST ESTIMATE** 

ESTIMATE OF FISCAL IMPACT - STATE AGENCIES (See narrative for political subdivision estimates)						
	FY 2021-22		FY 2022-23			
	EXPENDITURES	REVENUE	EXPENDITURES	REVENUE		
GENERAL FUNDS	\$1,252,052		\$1,217,383			
CASH FUNDS						
FEDERAL FUNDS						
OTHER FUNDS						
TOTAL FUNDS	\$1,252,052		\$1,217,383			

Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

This bill would change provisions relating to restrictive housing under the Nebraska Treatment and Corrections Act. It broadens the definition of serious mental illness by removing the requirement that the mental health condition "substantially limits the life activities of the person with the serious mental illness."

The Department of Correctional Services (DCS) estimates 44 inmates fit this expanded definition of serious mental illness. They could not be placed in restrictive housing because they would now be members of a vulnerable population, which are not allowed to be placed in restrictive housing.

DCS would convert a current housing unit to create a secure mental health housing unit. They estimate this change would require 19 staff at a cost of \$1.25 million in FY22 and \$1.2 million in FY23. DCS determined this staffing level by reviewing staffing levels in other secure mental health housing units.

At this time, there is no basis to disagree.

 ${\bf Explanation\ of\ Estimate:}$ 

LB 559 changes provisions relating to restrictive housing under the Nebraska Treatment and Corrections Act. In particular, the bill broadens the definition of serious mental illness by removing the condition that the life activities of the person must be substantially limited by their serious mental illness.

NDCS estimates there are currently 44 inmates falling within this definition. They would be considered members of a vulnerable population and therefore could not be placed in restrictive housing.

In order to manage this population in a treatment oriented environment while maintaining safety and security for all inmates and staff, NDCS would transition housing unit 2C (HU2C) at TSCI as a secure mental health housing unit. This would require an additional 19 FTE staff.

The staffing requirements identified above total an estimated cost of \$1,252,052. This amount includes \$881,604 for PSL, \$308,561 for benefits and \$61,887 for uniforms, radios and other equipment and services. The 19 FTE breakdown as follows: 6 Corporals, 2 Sergeants, 2 Unit Caseworkers, 5 Behavioral Health Caseworkers, 1 Mental Health Supervisor, 2 Mental Health Practitioners, and 1 Psychologist. These cost estimates were determined through a review of staffing levels in existing secure mental health units.
