LB 886 would prohibit the use of restraints on the abdomen, wrists or chest on any pregnant prisoner or detainee. The bill further would permit a prisoner or detainee to have at least one support person for accompaniment during labor and delivery and, if available, a doula, midwife or other birthing specialist may also assist during labor and delivery.

The Lancaster County Department of Corrections report an average of four in-custody births per year. Due to the differences in the costs of doulas and midwives and the potential need for additional staff to maintain security, it is difficult to ascertain the fiscal impact.

The Nebraska Department of Correctional Services does not anticipate any fiscal impact.

TOTAL FUNDS	>\$3,200- 24,000			>\$3,200- 24,000

**Explanation of Estimate:**

Lancaster County Department of Corrections averages about four in-custody births per year. In my research I've found that the cost of a Doula is \$800-2,000. A midwife is \$3,000 to \$6,000. This cost would be the burden of this department. This is in addition to any hospital care we would already be obligated to pay.

Some aspects of the bill may result in it becoming necessary to assign additional staff to maintain security. It is difficult to assess an amount for this potential cost at this time.
