LB1145 would make the year of birth on any accident report completed pursuant to 60-699, a public record. These accident reports are compiled by the Department of Transportation.

The Department of Transportation indicates they may incur costs related to modification of the database which stores the reports to allow for the data of birth to be viewable but that the costs are able to be absorbed within existing resources.

The Department of Motor Vehicles indicates no fiscal impact is present.

A basis to disagree with either agency's assessment is absent.

Explanation of Estimate:

Section 60-699 (4) states "Date of birth and operator's licenses number information of an operator or owner included in any report required under this section shall be confidential and shall not be a public record under section 84-712.01. Through LB 1145, Section 60-699(4) is amended to exclude the year of birth from the information listed as confidential.

If this bill passes, the Department of Transportation would incur a minimal cost to modify the computerized database used to capture all accident reports to allow for the birth year to be viewable but can accommodate the expenses within existing appropriation.
