Explanation of Estimate:

This legislation proposes to adopt the Peer-to-Peer Vehicle Sharing Program, which would allow individual drivers to share their vehicles with passengers for financial consideration. The program ensures that every driver or vehicle owner that participates has vehicle liability insurance, whether maintained by the program, the individual driver or vehicle owner, or both. The program would also offer a voluntary contact to the vehicle owner or driver in which the program would, for a fee, contractually assume some of or all of the owner's risk of loss due to damage sustained while the vehicle is in their custody. Although the program would assume the risk, this assumption of risk shall not be deemed to be insurance or the transaction of insurance business as defined under statute.

The Department does not anticipate a fiscal impact from this.
