LB782 would add a requirement for consumer care of motor vehicles. LB782 would also adjust the definition of a structurally totaled vehicle as it relates to salvage branded certificates of title. In addition, the bill provides a definition for original equipment manufacturer parts and original equipment manufacturer procedures. Finally, LB782 specifies the performance of consumer care, should be guided by a commonly accepted estimating system used by insurance companies for consumer care, for repairs not using original equipment manufacturer parts.

Both the Nebraska Department of Motor Vehicles (NDMV) and the Motor Vehicle Industry Licensing Board (MVILB) have both indicated no fiscal impact.

There is no basis to disagree with the NDMV nor the MVILB estimates of no fiscal impact.
