LB61 would require a school district to cover certain costs of a student that transfers from that school district as a result of discrimination.

If a student that is discriminated against by a school district decides to attend another school district as a result of discrimination, the school district that is in violation will cover any costs associated with the student attending the new school district, up to an amount equal to two times the amount of foundation aid received by that school district for that student under the Tax Equity & Educational Opportunities Support Act (TEEOSA).

The fiscal impact cannot be determined at this time.
