Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB215 adopts the Clean Slate Act, which allows individuals with certain nonviolent convictions to have their records sealed after completing a period of rehabilitation without reoffending and removes barriers to employment, housing, and education for rehabilitated individuals while providing an incentive to stay crime-free. The act also aims to reduce recidivism, ultimately saving the state money, while ensuring law enforcement and other necessary agencies retain access to criminal history when needed.

Additionally, the bill establishes the Second Chance Relief Program for Long-Term Inmates, creating a structured process for parole review, mentorship, and reintegration programs. This program allows eligible long-term and life-sentenced inmates to seek sentence commutations if they demonstrate rehabilitation, balancing second-chance opportunities with public safety considerations.

Several Nebraska state agencies play key roles in implementing and overseeing these provisions. The Department of Correctional Services identifies eligible individuals, provides rehabilitation programs, and coordinates reentry plans. The Board of Parole evaluates rehabilitation progress, recommends second-chance relief, and oversees parole supervision. The Division of Parole Supervision develops post-release plans and ensures parolees remain accountable. The Board of Pardons reviews commutation requests and establishes reconsideration criteria. The Supreme Court manages the record-sealing process, and issues clean slate orders and reviews petitions. Finally, the Nebraska Commission on Law Enforcement and Criminal Justice processes record-sealing notifications and oversees implementation.

The Nebraska Supreme Court has stated that implementing the Clean Slate Act (Sections 1-10 of LB215) will require significant resources, with a preliminary cost estimate of \$2 million in General Funds. The State Court Administrator must develop a system to determine eligibility, establish notification processes for courts and agencies like the Nebraska State Patrol, and make major modifications to the JUSTICE case management system, requiring additional personnel in the Administrative Office of the Courts and Probation (AOCP). The estimated timeline for full implementation is two years, and the financial impact remains indeterminate. While LB215 allows for a filing fee of up to \$40 to offset administrative costs, the number of petitions that will be filed is unknown, and the bill does not specify where these fees would be deposited.

The Nebraska Board of Parole states that LB215 adds responsibilities related to assessments and programs for commutation and subsequent parole. This increased workload will require an additional staff member to meet assessment demands, but the projected costs are currently unknown.

The Nebraska Department of Correctional Services estimates that 141 incarcerated individuals currently meet the eligibility criteria for second chance relief under Section 11 of LB215. The FY24 per diem cost for each incarcerated individual was \$35.45, totaling \$12,937.94 per year per person.

The Crime Commission states that existing data collection platforms will require additional maintenance and integration due to legal, confidentiality, and sensitivity concerns related to sealed records. To meet these requirements, an external third-party contractor would be needed for ongoing support, with an estimated \$150,000 General Fund impact per fiscal year.

The Nebraska State Patrol states that implementing and administering the requirements of LB215 will require 17 full-time positions in the Criminal Identification Division (CID) and 2 full-time IT positions to meet technical needs. The CID processed 80,995 background checks in 2024 (42,353 fingerprint-based and 38,642 name-based) with 53 front-line and supervisory staff, along with 45,438 criminal cards. In previous years, the number of background checks ranged from 85,989 in 2023 to 120,289 in 2021, with additional processing for criminal cards.

The Clean Slate Act will add to this workload, with an estimated 75%-80% increase in processing volume. While the 17 additional positions reflect a 32% staffing increase, the Division expects some automation to improve efficiency. The fiscal note includes personnel costs beginning on 9/1/25, with 83% of the estimated annual salary and benefits for FY 2025-26. Operating costs, including office supplies and OCIO expenses, and capital outlay for computers, cubicles, and chairs, are also included. The agency estimates a General Fund impact of \$1,029,796 in FY 25-26 and \$1,178,930 in FY 26-27.

There is no basis to disagree with these estimates at this time.

Explanation of Estimate:

LB 215 - This bill adds duties to the Board of Parole regarding assessments and other programs for commutation and subsequent parole programs. This increased workload will require one additional staff to meet the demands of individuals being assessed for commutation, however, the additional costs are not able to be projected at this time.

TOTAL FUNDS	150,000		150,000	

Explanation of Estimate:

The existing platforms used to collect data from several agencies will require additional maintenance and integration requirements. Due to the nature of the information, there are legal issues, confidentiality requirements, and issues related to the sensitivity of sealed records. The Crime Commission would require the services of an external third-party contractor to address the integration and maintenance requirements on an ongoing basis.

Explanation of Estimate:

LB215 adopts the Clean Slate Act and provides for a second chance relief program to obtain a commutation from the Board of Pardons. The bill could reduce the number of persons in prison. The specific amount of impact is indeterminable.

The Nebraska Department of Correctional Services estimates there are currently 141 incarcerated individuals that meet the eligibility criteria for second chance relief as outlined in section 11 of the bill.

The FY24 per diem cost was \$35.45 for each incarcerated individual, or \$12,937.94 per year.

FISCAL NOTE

State Agency OR Political Subdivision Name: <sup>(2)</sup> Nebraska State Patrol

Prepared by: <sup>(3)</sup> Carol Aversman Date Prepared: <sup>(4)</sup> 01/21/2025 Phone: <sup>(5)</sup> 402-471-4545

**ESTIMATE PROVIDED BY STATE AGENCY OR POLITICAL SUBDIVISION**

	<u>FY 2025-26</u>		<u>FY 2026-27</u>	
	<u>EXPENDITURES</u>	<u>REVENUE</u>	<u>EXPENDITURES</u>	<u>REVENUE</u>
GENERAL FUNDS	\$1,029,796		\$1,178,390	
CASH FUNDS				
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS	<u>\$1,029,796</u>		<u>\$1,178,390</u>	

**Explanation of Estimate:**

LB 215 provides for the adoption of the Clean Slate Act. Under the act, individuals convicted of certain crimes may qualify for relief if certain requirements are met. This relief would entail that a criminal justice agency respond to a public inquiry in the same manner as if there were no criminal history record information and criminal history information shall not be disseminated to any person other than a criminal justice agency. In issuing an order for clean slate relief, the court shall send notice to the (1) Nebraska Commission on Law Enforcement, (2) Nebraska State Patrol, and (3) law enforcement agencies, county attorneys, and city attorneys referenced in the court records. Beginning January 1, 2026, individuals will automatically be eligible for clean slate relief under Section 8 of the Act for a qualified offense that is a misdemeanor if the qualified offense is committed on or after January 1, 2021, and other conditions noted in the Act are met.

In order to implement and administer the requirements of the bill, the Criminal Identification Division of the State Patrol estimates that a total of 17 full time CID positions would be required. Additionally, it is estimated that 2 full time IT positions will be necessary to meet technical needs and requirements. Note that in calendar year 2024, the Division processed 80,995 total checks (42,353 fingerprint based and 38,642 name based) which required a total of 53 front-line and supervisory staff. It also processed 45,438 criminal cards in 2024. In 2023 and 2022, a total of 85,989 and 88,227 total background checks were processed, respectively. Additionally, 46,471 and 41,831 criminal cards were processed in 2023 and 2022, respectively. In calendar year 2021 a total of 120,289 background checks and 40,436 criminal cards were processed. These are additional records that would require review and processing as a result of the Clean Slate Act by the Division. At this level of volume, an approximate increase in workload of 75%-80% would occur for this area. The 17 FTEs included in this fiscal note reflects approximately a 32% increase in staffing for this area. This is less than the projected increase in workload because the Division believes that certain areas can be automated, resulting in greater efficiencies. The fiscal note reflects the personnel costs beginning on 9/1/25, and accordingly, the salaries and benefit costs have been reflected at approximately 83% of the annual rate estimated for Fiscal Year 2025-26. Operating expenses consist of office supplies and OCIO costs. These are also reflected as commencing on 9/1/25. The capital outlay costs include equipment necessary to outfit these employees (computers, office cubicles, and chairs).

FEDERAL FUNDS	<u></u>	<u></u>	<u></u>	<u></u>
OTHER FUNDS	<u></u>	<u></u>	<u></u>	<u></u>
TOTAL FUNDS	<u></u>	<u></u>	<u></u>	<u></u>

**Explanation of Estimate:**

The Clean Slate Act (sections 1-10 of LB215) requires substantial resources in order to implement.

1. Expenditures. Preliminary estimate: \$2 million General Funds. The Clean Slate Act requires the State Court Administrator to develop a system to determine eligibility for a clean slate action, new processes to inform the court of persons eligible and the means to notify many other entities such as the Nebraska State Patrol. This would require major modifications to JUSTICE, the court case management system and additional personnel in the Administrative Office of the Courts and Probation (AOCB).

2. Timeline. Estimate: 2 years to bring into production.

3. Revenue. Estimate: indeterminate. LB215 provides for a filing fee of up to \$40 to be paid by persons petitioning a court for clean slate. Funds are to be used to recover the cost of administering the Clean Slate Act. It is not known how many petitions would be filed. Note: LB215 does not specify where filing fees would be deposited.

Note: this fiscal note may be revised upon receipt of further information or clarification.
