LB 144 changes certain definitions in section 48-225. Under the bill, "Servicemember" is redefined as a person who serves in the armed forces of the United States. The definition of "Veteran" is amended to include the spouse of a veteran who was killed in the line of duty or died due to his or her military service.

These definitions are applicable to veterans' preferences for public and private employers.

No fiscal impact.

Explanation of Estimate:

LB 144 extends veterans preference into the State’s hiring processes in a couple ways. First, by extending the preference to spouses of veterans who were killed in the line of duty or died due to military service. Second, by extending the preference beyond consideration at only initial employment, and into promotion, reassignment, and transfer to a new position as well.

Department of Administrative Services (DAS) State Personnel would have to adjust the internal application process and reporting, as well as to general policies to identify and verify the spousal veteran’s preference as outlined.

Small adjustments may be necessary for labor contracts. All of these adjustments can be made with current resources.

LB 144 has no fiscal impact to DAS.
