LB 258 changes future minimum wage increases from an increase in the cost-of-living to “the lesser of one and one-half percent, rounded to the nearest cent, or the increase in the cost-of-living.” This change takes place on January 1, 2027 and on January 1 of successive years.

In addition, LB 258 allows employers to pay a youth minimum wage of thirteen dollars and fifty cents per hour (\$13.50/hour) to employees who are at least fourteen years of age, but younger than sixteen years of age and are not emancipated minors.

Section 2 allows employers to pay new employees who are at least sixteen but younger than eighteen and who are not seasonal or migrant workers or emancipated minors a training wage of \$13.50/hour.

The Department of Labor (DOL) estimates no fiscal impact from LB 258.

DOL estimates appear to be reasonable.

Explanation of Estimate:

This bill amends the Wage and Hour Act by defining the yearly increase of minimum wage beginning January 1, 2027, and subsequent years. The minimum wage increase will be the lesser of 1.5% or the increase in the cost of living. This bill also makes changes to minimum wage payments to minors and training wages.

It is not clear whether this bill would have a fiscal impact on the Department of Administrative Services (DAS) and it cannot be reasonably estimated. The Wage and Hour Act does not apply to the State, but the State is impacted by the market conditions that are affected by changes to the Wage and Hour Act.

However, the fiscal impact would only exist when the cost-of-living increase was higher than 1.5%. These variables cannot be reasonably predicted at this point.

No fiscal impact.
