LB 861 Amends the Building Construction Act. It requires any state agency, county, city, or village that requires an inspection as part of a building permit to require the use of an authorized inspector for that inspection.

If cities and counties are required to employ certified inspectors, it will increase costs to those entities, but this bill has no fiscal impact for state government.

Explanation of Estimate:

LB861 would require authorized building inspectors for inspections under the Building Construction Act and public access to certain building inspection records.

Buffalo County has estimated a salary of \$75,000.00 for a certified inspector and \$50,000.00 for a FT clerical staff based on comparisons from other public entities. We have also included the benefit cost for both employees. We included \$50,000.00 to purchase a vehicle and \$10,000.00 for travel which may be fuel, conference attendance for continuing education, or various other uses. We did not include a cost for vehicle repairs, but that would be an additional cost as well.
