LB1146 amends §79-209 to change the provisions relating to reports filed by a school district to a county attorney relating to the absences of a child from school.

A school can report to the county attorney, of the county in which the person resides, when the school has documented the efforts made concerning the student's collaborative plan to reduce barriers identified to improve regular attendance has not been successful & that the child has accrued twenty days or more of unexcused absences during that school year.

FISCAL IMPACT:

No fiscal impact to the State. There could be additional expenses at the county level should the number of truancy cases increase, but that number cannot be determined at this time.
