LB 1068 changes provisions for petition circulators and sponsors under the Election Act. The bill revises the requirements of petition circulators to include that a person must be a United States citizen and has never pleaded guilty to, pleaded nolo contendere to, or been found guilty of fraud, forgery, or identification theft. Circulated petitions by ineligible circulators would be considered invalid. Circulators would be required to wear an identification badge with their name stated.

The bill also would require the sponsor of the petition to file a list of names of circulators handling more than 25 sheets of a petition to the Secretary of State, as well as, an explanation of I.D. compliance. Circulators would also be subject to a criminal background check by the sponsor.

The Secretary of State indicates they would need to hire one additional Elections Specialist to oversee the new process and requirements, review the documents filed, scan and catalog the documents for use as public records or in the case of litigation, follow-up with individuals and organizations regarding their questions or requests, respond to questions or omissions in the documents, and prepare documentation regarding the process. The agency estimates an ongoing cost of \$78,000 for salaries, benefits, supplies, and related technology costs.

TOTAL FUNDS	\$78,000		\$78,930	

Explanation of Estimate:

LB1068 requires all petition sponsors to file two documents with our office: 1) a list of circulators who will handle more than 25 petition pages; and 2) an explanation of how circulators will comply with the ID badge requirements. Our elections division does not currently have the resources available for this additional staff time and as such we would need one (1) additional full-time Elections Specialist specifically devoted to this new requirement. This person will oversee the new process and requirements, review the documents filed, scan and catalog the documents for use as public records or in the case of litigation, follow-up with individuals and organizations regarding their questions or requests, respond to questions or omissions in the documents, and prepare documentation regarding the process. Annual ongoing costs would be expected to be around \$78,000 for salaries, benefits, supplies, and related technology costs.
