LB1024 amends sections §79-724 & §79-760.01 to require instruction on the history of communism, to provide duties to school districts & to committees on American civics, & to incorporate the history of communism into academic content standards.

The State Board of Education will adopt measurable academic content standards for the instruction on the history of communism on or before January 1, 2027.

Beginning with school year 2027-28, each school district, in consultation with the Nebraska Department of Education (NDE), will include instruction on the history of communism within the social studies curriculum.

FISCAL IMPACT:

NDE estimates the need for ten thousand dollars to assemble subject area experts to determine the most appropriate level of detail for each grade & for the standards adjustment, guidance creation, & professional development for teachers.

Additional costs could be incurred at the district level to meet the standards established by NDE but those expenses cannot be established at this time.

Explanation of Estimate:

Anytime the Department of Education is required to adjust standards, stakeholders are brought together to draft and properly situate content within the pre-existing set of standards. In the case of the proposed bill, the NDE would assemble subject area experts to determine the most appropriate level of detail for each grade. The NDE anticipates a cost of \$10,000 for the standards adjustment, guidance creation, and professional development for teachers. Additional costs would be incurred for local districts in the purchasing of additional instructional materials.
