This bill would change administration of the Civil Legal Services Program.

This bill will not have a fiscal impact since it merely moves the administration of the Civil Legal Services Program from the State Court Administrator to the Commission on Public Advocacy.

The Commission on Public Advocacy states that the bill is revenue and expenditure neutral since all that is collected is passed through to grant recipients. The Commission on Public Advocacy also states that they administer a similar program so they will not incur additional costs to administer the Civil Legal Services Program.
