	EXPENDITURES	REVENUE	EXPENDITURES	REVENUE
GENERAL FUNDS				
CASH FUNDS				
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS				

*Does not include any impact on political subdivisions. See narrative for political subdivision estimates.

LB 181 amends the Nebraska Telecommunications Regulation Act.

Section 2 requires any telecommunications carrier that intends to place a line, wire, or cable across a railroad right-of-way to request permission for such placement from the railroad carrier. In the event that the telecommunications carrier and the railroad carrier are unable to negotiate a binding agreement within sixty days, either party may submit a petition to the Public Service Commission for a hearing on the matter.

No fiscal impact.
