This bill harmonizes the receipt of funds from the tobacco settlement. The transfer of funds into the Tobacco Settlement and Control Cash Fund and the Stem Cell Research Cash Fund would be from the Health Care Cash Fund instead of from an intercept of the revenue from the tobacco settlement.

Currently all programs funded from a combination of the Tobacco Settlement and the Medicaid Intergovernmental funds flow through the Health Care Cash Fund. Two programs receive funding directly from the tobacco settlement. This bill transfers the same amount into the two funds and therefore has a neutral impact on the amount of funding available for the activities supported by the funds.
