LB440 amends the Student Diversity Scholarship Program. There is no fiscal impact as a result of the changes.

LB440 would also amend a certain minimum expenditure threshold that triggers required reviews of proposed capital projects by the Coordinating Commission for Postsecondary Education. The proposed changes represent no direct fiscal impact. The Commission indicates that enactment of the change would necessitate modification of related agency rules. Estimates of costs are nominal. Current funding resources of the agency can accommodate normal operating costs such as those associated with adoption of rules modifications.
