LB 142 would amend statutory provisions regarding the sale or transfer of a recorded brand. The maximum fee for recording the sale or transfer of a brand would be increased from \$35 to \$40.

Nebraska Brand Committee staff may spend additional time carrying out the procedures detailed in LB 142. It is assumed that the expenses could be absorbed by the existing cash fund expenditure authority. If the Nebraska Brand Committee chose to increase the fee for the sale or transfer of recorded brands, some of the costs could be offset by additional revenue. Because any increase in fees would be based upon future board decisions, additional cash fund revenue is not estimated at this time.

COMMENTS					
BRAND COMMITTEE – Revenue is not expected to increase because agency does not anticipate Committee will increase fee. Bill increases fee maximum. Committee sets the fee within that maximum. The agency has made a reasonable estimate of administrative cost of this change in forms and procedures.
