LB653 creates the Legislature’s Planning Committee. This would be a special legislative committee composed of the Speaker, chairpersons of the Executive Board and Appropriations Committee and such other members to be chosen by the Executive Board.

The bill directs the committee “to exercise the authority and perform the duties provided for in this section”. The bill also provides that the committee shall have staff support from the various legislative divisions and staff and may contract for other assistance. However, because section 1 does not specify any authorities or duties, the activities of the committee and any subsequent fiscal impact of this bill (if any) cannot be determined.
