	EXPENDITURES	REVENUE	EXPENDITURES	REVENUE
GENERAL FUNDS				
CASH FUNDS				
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS				

*Does not include any impact on political subdivisions. See narrative for political subdivision estimates.

LB526 changes provisions relating to annexations by first and second class cities as well as villages that are wholly located within the boundaries of a county located immediately adjacent to a county within which a metropolitan class city is located. As such, the changes would apparently be applicable to municipalities located within Sarpy, Saunders, Dodge and Washington Counties. With specified limitations, the bill would authorize a related municipality to annex property that is non-contiguous / non-adjacent to the boundaries of the municipality if the property is wholly located within the extraterritorial zoning jurisdiction of the municipality. Any fiscal implications with respect to annexation authority that would be granted by LB526 is dependent upon the extent to which affected municipalities might consider annexation proposals relating to relevant property as well as the nature and scope of the proposed annexations.
