LB 434 changes provisions related to late filing fees collected by the Nebraska Accountability and Disclosure Commission (NADC).

The NADC estimates that the bill's provisions will result in reduced late filing fees for late filers who file within ten days of their due date. For late filers who file more than ten days after their due date, fees will generally increase.

Due to the prospective nature of such fees, the net impact of the bill's provisions cannot be estimated. It is unclear whether or not the reduced fees will outweigh the increased ones.
