LB 616 removes the exception in current law allowing regional behavioral health programs to provide direct services, if the services were being provided on July 1, 2004. The operative date of the bill is July 1, 2008.

The bill has no fiscal impact in terms of the amount of behavioral health aid appropriated by the state. Beginning in 2008-09, the bill will result in a redistribution of behavioral health aid by regional behavioral health authorities because at least two behavioral health regions currently provide direct services.
