This bill would provide for confidentiality of Nebraska Workers' Compensation Court records.

The Workers Compensation Court estimates no fiscal impact. The court further states that there would likely be a decrease in the number of record requests fulfilled by court staff. Many such requests currently come from the employee, attorney, or insurer involved in a litigated case, and such requests would still be honored under this bill. Any reduction in the number of requests fulfilled would likely be offset by additional workload in processing written authorizations and responding to requests that cannot be honored.
